KEYLESS360

THE PERFECT RETROFIT LOCK

EXPERIENCE THE PERFECT LOCKS

SIMPLY PERFECT.
PERFECTLY SIMPLE.

Sleek and modern alphanumeric combination locks for shared or assigned use in any wet or dry environment. With a standard vertical 3-hole routing, the Keyless360 is the Perfect Retrofit Lock.

With no batteries to change, no plastic parts and no wires, our locks are maintenance free resulting in zero operating expenses and two LEED V4 credits.

Standard, premium and custom finishes as well as ADA versions all backed by personal service and the best 5-year comprehensive warranty.

- 2-digit alphanumeric combination
- Compatible with wood, glass, plastic, phenolic and metal locker doors
- One Master Key has 3 functions: bypasses the code, resets the lock, and retrieves the code - all conveniently from the front
- Lock features reprogrammable-cylinder. When Master Key is lost or stolen, new Master Key is issued. Simply insert new Master Key and cylinder is reprogrammed - patented solution
- Anti-pick and tamper resistant
- Self-correcting, Breakaway Knob protects against forced entry - patented solution
- IP69K - Complete dust and water resistance

- Strong 100% metal for long-term and heavy-use - no plastic components.
- Large, clear combination digits, double the size of any competitors (5mm tall), that don't fade
- Sufficient digit and dial spacing that prevents accidental lockouts
- Strongest latch (bolt) in the industry and cannot be forced unlocked
- Dead bolt or spring bolt latch type (standard offset: 31mm - additional available)
- Simple 2 screw installation
- Surface mounted
- Accommodates doors 1-21mm thickness

- Easily retrofits from most locks on most locker doors. "The Ultimate Retrofit Lock"
- Ergonomic non-slip grip
- One step twist-&-pull operation
- Knob rotates 90 degrees (from 12 o'clock to 3 o'clock) on left and right hand locks
- Latch is simply interchangeable to left or right
- Clear locked and unlocked status indicator is visible from a distance
- Disinfected by misting with a liquid that is 70%-80% alcohol without damaging the surface of the lock
- **Immediate live response during business hours - no run around. (sos@keyless.co or 972.331.2770)**

# MANAGER INSTRUCTIONS

MASTER KEY CODE BYPASS
(immediate manager access without code obstruction)

1. Insert the Master Key pointing towards the 🔒.

2. Turn the knob to 🔓 and access the locker, then close the door while keeping the knob facing 🔓.

3. Return the knob to the 🔒 position, and remove the key.

Locker will remain locked and code will remain the same.

USER CODE RETRIEVAL & RESET
(retrieve forgotten user code and reset code for new user)

1. Insert the Master Key pointing towards the 🔒 and turn the knob to 🔓.

2. With each dial: spin until it stops.
   • After setting each dial, the last used code will display.

3. Turn the knob back to 🔒 and remove the key.
   • Then, return the knob to 🔓 and scramble the dials for the next user.
